Visit to BBC "Doctors" set

Some members of Sutton Coldfield Movie Makers went on a tour of the set for the BBC soap opera "Doctors". The visit to the set, which is located in Selly Oak, Birmingham took place on Saturday 21st March 2015.

Our host was the Gaffer, Herbie Donnelly, who kindly gave up his Saturday morning to show us around and give us a lighting demonstration. Thank you to Dave Kinnaird for organising the outing.
