

About the Society

Sutton Coldfield Movie Makers (SCMM)

Attracts members from all over the Midlands.

It was founded 80 years ago in the days of silent black and white film; but today we have...

DSLRs, HD & 4K camcorders, GoPros, Drones, Phone cameras, radio Mics, LED lights, Computer editing & effects software, Video projectors, YouTube, Vimeo....

All these are used to make and show the "Films" that our members and others now produce; but no one can know all about everything; so members help each other navigate through this minefield of new technology.

BUT film making isn't just about technology, it's an art form too, Not all members have equipment, or even make films. Scriptwriters, musicians and actors are just as welcome.

Much more goes on in the club than this simple list of meetings can show...

Members form film crews to help write, produce, shoot, post-produce or appear in each others films or in club films; often competing in national and international competitions and film festivals.

We realise that we were all beginners once, and we welcome anyone who is interested in the fascinating world of film making. With advice and encouragement available, new members quickly hone their skills and are soon co-operating (and competing) with the rest of us.

Just like 80 years ago the club is still a group of film makers who benefit from each others ideas and enthusiasm.

About the Meetings

We meet on the second and fourth Thursdays of the month from September to June at Wylde Green Community Hall. At 7:45 pm. for 8:00 pm

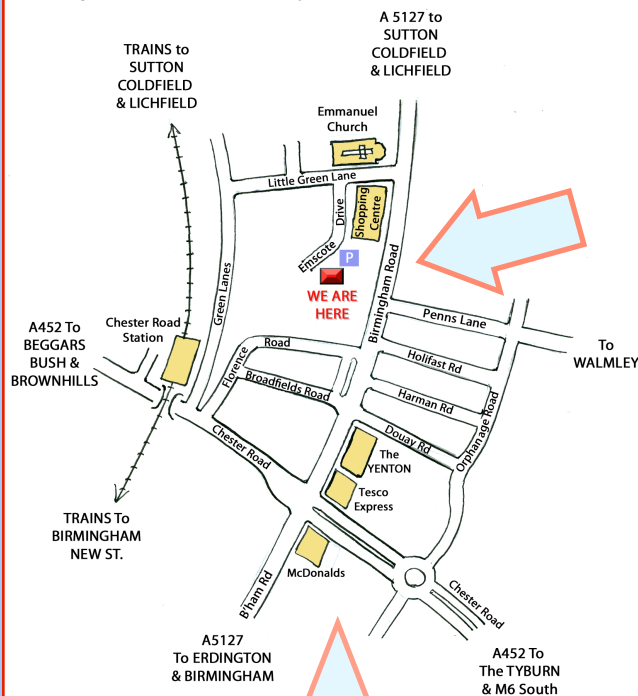

Contact us as above, take a look at our website or find us on Facebook or Twitter or **Better still...**

Just come along and see what we are up to.

Evenings vary from workshops, to talks on "how to do it", to challenges and competitions to see how well it was done.

At meetings where members make films in response to challenges the films are shown for enjoyment and fun rather than competition, Challenges are very popular.

The club is a member of the "Midland Movie Makers" and "Cemriac" groups of movie making clubs, and is affiliated to the I.A.C. Members visit each others clubs and enter inter-club national and international competitions, keeping us in touch with film makers throughout the UK and beyond.

Meetings are held at
Wylde Green Community Hall,
Emscote Drive, Sutton Coldfield, B73 5NE
